Storm King Art Center

Old Pleasant Hill Road

Mountainville, NY 10953

(845) 534-3115

www.stormking.org

Storm King Art Center is a museum that celebrates the relationship between sculpture and nature. Five hundred acres of landscaped lawns, fields and woodlands provide the site for postwar sculptures by internationally renowned artists. At Storm King, the exhibition space is defined by sky and land. Unencumbered by walls, the subtly created flow of space is punctuated by modern sculpture. The grounds are surrounded by the undulating profiles of the Hudson Highlands, a dramatic panorama integral to the viewing experience. The sculptures are affected by changes in light and weather, so no two visits are the same.

At Storm King, visitors are encouraged to enjoy nature as well as art, to meander on trails and discover sculptures, or to traverse the fields to walk among monumental works. The grounds are under a carefully supervised program

of maintenance and change. Recently the Art Center has developed the North Trail and a wooded grove with sculptures, and has restored several walking paths.
